

The moon swings its arc
under the feet of the woman
her coat in flames against the stars
somewhere a shepherdess stirs in her sleep
Balthasar remembers his dream and returns
by another way
will you and I in our comings and going
turn gently enough to mirror the light?
- Paula Sullivan

It's a good thing to observe Christmas Day, but it is
better to hold the spirit of Christmas through the
year..... it reminds us to set our own little
watch now and then by the great clock of humanity
which runs on sun time.
- Thomas Dooley (1926 – 1961)

Sun Dial, Chartres Cathedral, France
